The color(S) gray and teal is/Are claimed as a feature of the mark. Proteins for use in fermentation technology for use in manufacture; proteins for use in recombinant dna technology other than for medical use for use in manufacture; proteins, fats, carbohydrates, vitamins, minerals, fibers for use in the food industry; pectin, lecithin, enzymes and chemical preservatives, amino acids all for use in the food industry; active chemical ingredients for use in the manufacture of cosmetics and pharmaceuticals and nutraceuticals, namely, chemicals, vitamins, minerals, fats, fibers, proteins, carbohydrates, amino acids; proteins for food and food ingredients, namely, dairy and egg proteins, heme, vegetable and algae fats. Biotechnology research; consultancy relating to biotechnology; providing information relating to scientific research in the field of biochemistry and biotechnology; hosting of e-Commerce platforms on the internet for others.</p>					

Biobrew	[90-678,208]	Zx Ventures Holdings Corp.	4-28-21 [2-28-23]	Intl. 1, 5, 29, 40, 42 US. 1, 5, 6, 10, 18, 26, 44, 46, 51, 52, 100, 101, 103, 106	----
<p>Custom manufacturing of proteins, carbohydrates, fibers, fats, vitamins, minerals to the order and specification of others; custom manufacturing in the nature of microbial fermentation services. The mark consists of molecules inside a downwards facing arrow with two legs pointing outwards with the word "Biobrew" underneath. Oils and fats for food and food ingredients, namely, vegetable fats and algae fats. Dietary supplements, intended to supplement a normal diet or to have health benefits. Bio brew. Proteins for use in fermentation technology for use in manufacture; proteins for use in recombinant dna technology other than for medical use for use in manufacture; proteins, fats, carbohydrates, vitamins, minerals, fibers for use in the food industry; pectin, lecithin, enzymes and chemical preservatives, amino acids all for use in the food industry; active chemical ingredients for use in the manufacture of cosmetics and pharmaceuticals and nutraceuticals, namely, chemicals, vitamins, minerals, fats, fibers, proteins, carbohydrates, amino acids; proteins for food and food ingredients, namely, dairy and egg proteins, heme, vegetable and algae fats. Biotechnology research ; consultancy relating to biotechnology ; providing information relating to scientific research in the field of biochemistry and biotechnology ; research and development in the field of biotechnology; hosting of e-Commerce platforms on the internet for others.</p>					
Arran	[90-690,584]	Arran Aromatics	5-5-21 [2-28-23]	Intl. 3, 4, 35 US. 1, 4, 6, 15, 50, 51, 52, 100, 101, 102	----

Candles and wicks for candles for lighting; aromatherapy fragrance candles; beeswax for use in the manufacture of candles; candles; candle-Making kits; candles for absorbing smoke; candles for lighting; candles for use as nightlights; candles in tins; tapers; christmas tree candles; combustible waxes, namely, wax for making candles; floating candles; aromatherapy fragrance candles; candles shaped like fruit; illuminating wax for making candles; lamp wicks; candles for night lights; perfumed candles; scented candles; scented candles for nightlights; wax for making candles; wax paraffin; wicks for candles. Soaps, namely, bath soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; aftershave lotions; air fragrancing preparations; almond oil for cosmetic purposes and non-Medical purposes; almond soap; almond milk for cosmetic purpose; aloe vera preparations for cosmetic purposes; amber being perfume; antiperspirant soap; antiperspirants; aromatic preparations, namely, body spray; astringents for cosmetic purposes; badian essence in the nature of essential oils made from badian; non-Medicated balms for use on skin; bases for flower perfumes, namely, oils for flower perfumes; bath gels; bath oils; non-Medicated bath salts; eau de cologne; essential oils of cedar wood; essential oils of lemon; essential oils of citron; ethereal essences; ethereal oils; essential oils; extracts of flowers being perfumes; eyebrow cosmetics; eyebrow pencils; hair dyes; hair colorants; hair spray; hair conditioners; hand washes the nature of non-Medicated hand soap; hand lotions; hand creams; nail creams; henna for cosmetic purposes; incense; incense sticks; jasmine oil for personal use; lavender water; lavender oil; lip glosses; lipstick cases; lipsticks; lotions for cosmetic purposes; make-Up preparations; make-Up; mascara; massage gels other than for medical purposes; mint essence being essential oil; mint for perfumery; musk being perfumery; oils for cosmetic purposes; oils for perfumes and scents; perfumery; perfumes; petroleum jelly for cosmetic purposes; pomades for cosmetic purposes; potpourris; make-Up powder; pumice stones for personal use; make-Up removing preparations; room fragrances; room fragrance sprays; fragrance emitting wicks for room fragrance; rose oil for cosmetic purposes; sachets for perfuming linen; scented linen water; shampoos; shaving preparations; shaving soap; shea butter creams; shower gels; soap; talcum powder; toilet water; non-Medicated toiletry preparations; non-Medicated creams, gels and lotions, all for the care of the skin and body. Advertising agency services; business management; business administration; online retail store and retail store services featuring cleaning and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; catalog ordering service featuring and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; mail order services featuring and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; retail department store services and online retail store and retail store services featuring bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, after-Shave lotions, air fragrancing preparations, almond oil, almond soap, almond milk for cosmetic purposes, aloe vera preparations for cosmetic purposes; mail order catalog services featuring bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, after-Shave lotions, air fragrancing preparations, almond oil, almond soap, almond milk for cosmetic purposes, aloe vera preparations for cosmetic purposes; retail department store services, online retail store and retail store services, and mail order catalog services featuring amber in the nature of perfume, antiperspirant soap, antiperspirants, aromatics and essential oils, astringents for cosmetic purposes, badian essence in the nature of essential oils made from badian, balms other than for medical purposes, bases for flower perfumes, bath gels, bath oils; retail department store services, online retail store and retail store services, and mail order catalog services featuring body lotions, body scrubs, cakes of soap, cleansing milk for toilet purposes; retail department store services, online retail store and retail store services, and mail order catalog services featuring cosmetic preparations for baths, cosmetic preparations for eyelashes, cosmetic kits, cosmetic pencils, creams, cosmetic creams, cosmetic preparations for skin care, cosmetics, deodorants, deodorant soaps, dry shampoos, eau de cologne, essential oils of cedar wood, essential oils of lemon; retail department store services, online retail store and retail store services, and mail order catalog services featuring essential oils of lemon, essential oils of citron, ethereal essences, ethereal oils, essential oils, extracts of flowers in the nature of perfumes, eyebrow cosmetics, eyebrow pencils, hair dyes, hair colorants, hair spray, hair conditioners, hand washes, hand lotions, hand creams, nail creams, henna in the nature of cosmetic dye, incense, incense sticks, jasmine oil; retail department store services, online retail store and retail store services, and mail order catalog services featuring lavender water, lavender oil, lip glosses, lipstick cases, lipsticks, lotions for cosmetic purposes, make-Up preparations, make-Up; mascara, massage gels other than for medical purposes, mint essence in the nature of

---------	--------------	-----------------	---------------------	---	------

The mark consists of a stylized letter a above the word arran. Candles and wicks for candles for lighting; aromatherapy fragrance candles; beeswax for use in the manufacture of candles; candles; candle-Making kits; candles for absorbing smoke; candles for lighting; candles for use as nightlights; candles in tins; tapers; christmas tree candles; combustible waxes, namely, wax for making candles; floating candles; aromatherapy fragrance candles; candles shaped like fruit; illuminating wax for making candles; lamp wicks; candles for night lights; perfumed candles; scented candles; scented candles for nightlights; wax for making candles; wax paraffin; wicks for candles. Soaps, namely, bath soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices; aftershave lotions; air fragrancings preparations; almond oil for cosmetic purposes and non-Medical purposes; almond soap; almond milk for cosmetic purpose; aloe vera preparations for cosmetic purposes; amber being perfume; antiperspirant soap; antiperspirants; aromatic preparations, namely, body spray; astringents for cosmetic purposes; badian essence in the nature of essential oils made from badian; non-Medicated balms for use on skin; bases for flower perfumes, namely, oils for flower perfumes; bath gels; bath oils; non-Medicated bath salts; eau de cologne; essential oils of cedar wood; essential oils of lemon; essential oils of citron; ethereal essences; ethereal oils; essential oils; extracts of flowers being perfumes; eyebrow cosmetics; eyebrow pencils; hair dyes; hair colorants; hair spray; hair conditioners; hand washes the nature of non-Medicated hand soap; hand lotions; hand creams; nail creams; henna for cosmetic purposes; incense; incense sticks; jasmine oil for personal use; lavender water; lavender oil; lip glosses; lipstick cases; lipsticks; lotions for cosmetic purposes; make-Up preparations; make-Up; mascara; massage gels other than for medical purposes; mint essence being essential oil; mint for perfumery; musk being perfumery; oils for cosmetic purposes; oils for perfumes and scents; perfumery; perfumes; petroleum jelly for cosmetic purposes; pomades for cosmetic purposes; potpourris; make-Up powder; pumice stones for personal use; make-Up removing preparations; room fragrances; room fragrance sprays; fragrance emitting wicks for room fragrance; rose oil for cosmetic purposes; sachets for perfuming linen; scented linen water; shampoos; shaving preparations; shaving soap; shea butter creams; shower gels; soap; talcum powder; toilet water; non-Medicated toiletry preparations; non-Medicated creams, gels and lotions, all for the care of the skin and body. Advertising agency services; business management; business administration; online retail store and retail store services featuring cleaning and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; catalog ordering service featuring and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; mail order services featuring and beauty care products for the body, face and hair and containers and bags for cleaning and beauty care products for the body, face and hair; retail department store services and online retail store and retail store services featuring bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, after-Shave lotions, air fragrancings preparations, almond oil, almond soap, almond milk for cosmetic purposes, aloe vera preparations for cosmetic purposes; mail order catalog services featuring bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, after-Shave lotions, air fragrancings preparations, almond oil, almond soap, almond milk for cosmetic purposes, aloe vera preparations for cosmetic purposes; retail department store services, online retail store and retail store services, and mail order catalog services featuring amber in the nature of perfume, antiperspirant soap, antiperspirants, aromatics and essential oils, astringents for cosmetic purposes, badian essence in the nature of essential oils made from badian, balms other than for medical purposes, bases for flower perfumes, bath gels, bath oils; retail department store services, online retail store and retail store services, and mail order catalog services featuring body lotions, body scrubs, cakes of soap, cleansing milk for toilet purposes; retail department store services, online retail store and retail store services, and mail order catalog services featuring cosmetic preparations for baths, cosmetic preparations for eyelashes, cosmetic kits, cosmetic pencils, creams, cosmetic creams, cosmetic preparations for skin care, cosmetics, deodorants, deodorant soaps, dry shampoos, eau de cologne, essential oils of cedar wood, essential oils of lemon; retail department store services, online retail store and retail store services, and mail order catalog services featuring essential oils of lemon, essential oils of citron, ethereal essences, ethereal oils, essential oils, extracts of flowers in the nature of perfumes, eyebrow cosmetics, eyebrow pencils, hair dyes, hair colorants, hair spray, hair conditioners, hand washes, hand lotions, hand creams, nail creams, henna in the nature of cosmetic dye, incense, incense sticks, jasmine oil; retail department store services, online retail store and retail store services, and mail order catalog services featuring lavender water, lavender oil, lip glosses, lipstick cases, lipsticks, lotions for cosmetic purposes, make-Up preparations, make-Up

Bruno & Lukas	[90-699,734]	Cusi Enterprises Corp	5-10-21 [2-28-23]	Intl. 5, 30 US. 5, 6, 18, 44, 46, 51, 52	----
<p>(Based on intent to use) seasonings and flavorings, other than essential oils, for dog foods and cattle feed. (Based on use in commerce) food supplements for dogs and cats; nutritional supplements for dogs and cats. Bruno and Lukas.</p>					
	[90-716,065]	Smile Makers	5-17-21 [2-28-23]	Intl. 3, 5, 21, 28 US. 1, 2, 4, 5, 6, 13, 18, 22, 23, 29, 30, 33, 38, 40, 44, 46, 50, 51, 52	----
<p>The mark consists of cartoon image of a bear with goggles on its head, holding a tooth in one hand and touching the side of its face with the other hand. above the bear'S head appears a star with a short tail. Toys, namely, stuffed toys. Sanitary preparations for personal hygiene, namely, non-Medicated mouth sprays for improving health of bacterial flora in mouth. Non-Medicated toiletry preparations, namely, non-Medicated toothpaste, non-Medicated mouthwash, non-Medicated breath freshening spray. Toothbrushes.</p>					
	[90-761,927]	Chemstation Internatl.	6-8-21 [2-28-23]	Intl. 1, 2, 3, 5, 9, 35, 39 US. 1, 4, 5, 6, 10, 11, 16, 18, 21, 23, 26, 36, 38, 44, 46, 50, 51, 52, 100, 101, 102, 105	----

The mark consists of a stylized tree consisting of a circle intersected by a trunk in the form of a vertical line having a forked bottom representing roots and a single angled line representing a branch, and a water drop intersecting and to the left of the circle. Units composed of sensors, microprocessors and integrated transmitters installed in the field, affixed to chemical storage tanks at commercial facilities of others, to transmit telemetry data of fluid levels in the chemical storage tanks and demand forecasting information. Replenishing supplies through transportation and storage for others on a timely basis consisting of detergents, floor care products, washes, general cleaners, concrete form release agents, process chemicals for use in the printing industry, sanitation and process chemicals for use in the food and beverage industry, sanitation and process chemicals for use in the forest products industry, odor control chemicals, machine parts cleaning solutions, cleaning solutions for the exterior and interior of aircraft, automobiles and trucks, odor control solutions for chemical toilets on aircraft, vehicle wheel cleaners and degreasers, solutions for removing concrete from truck barrels and truck bodies, solutions for inhibiting rust on trucks, asphalt release chemicals, chemicals for cleaning and degreasing machine parts, chemicals for dust control, and lubricants for metalworking tools for the purpose of inventory control. Odor control solutions for chemical toilets on aircraft, namely, odor neutralizing preparations for use on chemical toilets on aircraft; vehicle air fresheners for the purpose of air deodorizing; chemicals to control odor for use in commercial and industrial facilities, namely, all-Purpose deodorizing preparations for commercial or industrial use; sanitation preparations for use in the food and beverage industry. Detergent soaps; all-Purpose cleansers; cleaning solutions for the exteriors and interiors of aircraft, automobiles, and trucks; cleaning solutions for removing carbon from aircraft; pre-Paint cleaners; vehicle carpet cleaners; vehicle tire cleaners; wheel cleaners and degreasers, other than for use in manufacturing processes; vehicle windshield and glass washing fluid; chemical cleaners directed to the pulp and paper industries, printing industry, oil field industries, refineries and petrochemical plants, and the metal finishing industries; floor stripping or cleaning preparations; cleaning preparations, namely, chemicals for cleaning machine parts. Rust preventatives in the nature of a coating; rust inhibiting solutions in the nature of a coating for use on trucks. Inventory control, namely, management of inventory for others on a timely basis consisting of detergents, floor care products, washes, general cleaners, concrete form release agents, process chemicals for use in the printing industry, sanitation and process chemicals for use in the food and beverage industry, sanitation and process chemicals for use in the forest products industry, odor control chemicals, machine parts cleaning solutions, cleaning solutions for the exterior and interior of aircraft, automobiles and trucks, odor control solutions for chemical toilets on aircraft, vehicle wheel cleaners and degreasers, solutions for removing concrete from truck barrels and truck bodies, solutions for inhibiting rust on trucks, asphalt release chemicals, chemicals for cleaning and degreasing machine parts, chemicals for dust control, and lubricants for metalworking tools for the purpose of replenishing supplies. Asphalt release chemicals; chemical solutions for removing concrete from truck barrels and truck bodies; concrete form mold release compounds for use in concrete fabrication; chemicals for use in printing processes, namely, for lithography; process chemicals in the nature of chemical additives and preserving chemicals for use in the manufacture of food and beverages; chemicals for degreasing machine parts for use in the manufacturing process; chemical preparations for dust control for roads, stabilizing soil, earth minerals, such as coal, and open areas, including parking lots and airport runways; chemical solutions for the metalworking industry, namely, chemical compositions for metal plating.

Goqure	[90-779,861]	Uniqure Ip B.V.	6-17-21 [2-28-23]	Intl. 5, 42, 44 US. 5, 6, 18, 44, 46, 51, 52, 100, 101	- - - -

Apparatus and instruments for medical research and scientific research in laboratories, namely, genetic sequencers; laboratory devices for detecting genetic sequences; diagnostic apparatus for the detection of pathogens for laboratory or research use; medical research and scientific research apparatus and instruments for use in genetic analysis; apparatus for dna and rna testing for research purposes; scientific apparatus and instruments for measuring relative dna, rna and protein and parts and fittings therefor; medical laboratory research instruments for dna and rna analysis; computer hardware; computer hardware for use in the fields of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology, metagenomics, biotechnology, genetic testing, and genetics; data processing apparatus; scientific and research apparatus and instruments, namely, nucleic acid sequencers, arrays, scanners, electronic imaging devices and analyzers, testing sample collection equipment, sample quality control instruments, sequencing reagent cartridges and trays, and test sample preparation equipment, for laboratory use including in the fields of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology, metagenomics, biotechnology, genetic testing, and genetics; next-Generation sequencing (Ngs) bioinformatics data processor; downloadable computer software for scientific analysis of genetic sequences; embedded software sold as a component of genetic sequencing devices for scientific analysis of genetic sequences; downloadable computer software for storing, organizing, and creating a searchable library of genetic data for use in sequence detection, and disease detection and diagnosis; downloadable computer software for database management and for storage of electronic data; downloadable computer software for creating searchable databases of information and data; downloadable computer software for use in connection with databases in the field of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology, metagenomics, biotechnology, genetic testing, and genetics; downloadable computer software for use in connection with medical and scientific research services in the field of genotyping, diagnostics, molecular pathology, molecular diagnostics, laboratory medicine, and oncology; downloadable computer software for use in connection with dna sequencing, screening, and analysis services for medical and scientific research purposes; downloadable computer software for use in connection with nucleic acid sequencing, screening, and analysis services for medical and scientific research purposes; downloadable computer software for use in connection with genomic sequencing, screening, and analysis services for medical research purposes; downloadable computer software for use in connection with genetic analysis and reporting services for medical and scientific research purposes; downloadable computer software for use in connection with next-Generation sequencing (Ngs) bioinformatics data processor in the fields of nucleic acid sequencing, genotyping, genetic testing, and genetics; downloadable computer software for compressing and decompressing genomic data files; downloadable computer software, namely, software to receive and store dna, rna and genetic records, and to authorize medical and research personnel to use records. Reagents, assays, enzymes, nucleotides, and buffers for medical use; diagnostic agents, reagents, preparations, and substances for medical use; kits containing reagents and a printed instructional protocol manual for use thereof for medical purposes; kits comprising nucleotides, reagents, enzymes, agents, assays, buffers, or diagnostic preparations for medical genetic testing and medical diagnostic purposes; reagents, assays, enzymes, nucleotides, buffers, and diagnostic agents and preparations for medical purposes in the fields of nucleic acid sequencing, genotyping, diagnostics, metagenomics, genetic testing, and genetics. Agents, reagents, assays, enzymes, nucleotides, buffers, chemical preparations, and biological preparations for medical research and scientific research use; diagnostic reagents and preparations for medical research and scientific research; kits containing reagents and a protocol for use thereof for medical research and scientific purposes; agents, reagents, assays, enzymes, nucleotides, buffers, chemical preparations, and biological preparations for scientific and research use in the fields of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology, metagenomics, biotechnology, agriculture, forensics, food safety, genetic testing, and genetics; kits comprising nucleotides, reagents, enzymes, agents, assays, buffers, chemical preparations, or biological preparations for scientific and research use in the fields of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology, metagenomics, biotechnology, genetic testing, and genetics. Clinical or medical diagnostic apparatus and

Primer Design	[90-844,163]	Primer Design	7-22-21 [2-28-23]	Intl. 1, 5, 9, 10 US. 1, 5, 6, 10, 18, 21, 23, 26, 36, 38, 39, 44, 46, 51, 52	----
<p>The mark consists of the stylized wording "Primer design" where the wording "Primer" is stacked above the wording "Design". Laboratory apparatus for conducting polymerase chain reactions; laboratory apparatus for conducting quantitative or real-Time polymerase chain reactions; medical laboratory research instruments for dna analysis, namely, qpcr machines; laboratory apparatus for pathogen detection, water and food analysis, detection of genetically modified organisms, species identification and bio-Threat detection; laboratory apparatus for use in extracting rna and dna; laboratory instruments, namely, sample containers, vials, pipettes and stirrers in the nature of magnetic agitators used in the preparation of dna and rna samples for testing; laboratory instruments, namely, racks for holding sample pipettes and vials during testing; replacement parts and fittings for all the aforesaid goods; accessories for the aforesaid goods, namely, petri dishes, pipettes and test tubes; all the foregoing being for laboratory and research purposes. Chemical reagents for use in polymerase chain reactions for medical and veterinary purposes; chemicals reagents for medical and veterinary use, namely, for use in performing polymerase chain reactions for pathogen detection, detection of genetically modified organisms, species identification, and veterinary and medical disease detection; diagnostic preparations, namely, chemicals preparations for use in the extraction of dna and rna from cells for medical and veterinary purposes; diagnostic preparations, namely, primers, reagents and other chemicals preparations for use in polymerase chain reactions for medical and veterinary purposes; chemicals reagents for use in rna and dna analysis for medical or veterinary purposes; kits comprised of reagents, vials and printed instructions for the preparation of samples for polymerase chain reaction testing for medical and veterinary purposes. Chemical preparations for scientific purposes, namely, for use in performing nucleic acid polymerase chain reactions for pathogen detection, water and food analysis, detection of genetically modified organisms, species identification, and bio-Threat detection; chemicals preparations for use in polymerase chain reactions for research and analysis purposes, not in the medical or veterinary fields; chemicals preparations for scientific purposes, namely, for use in the extraction of dna and rna from cells; diagnostic preparations for scientific use, namely, primers, reagents and other chemicals preparations for use in polymerase chain reactions for laboratory purposes; chemicals reagents for use in rna and dna analysis other than for medical or veterinary purposes; kits comprised of reagents, vials and printed instructions for the preparation of samples for polymerase chain reaction testing for laboratory and research purposes. Diagnostic apparatus for conducting polymerase chain reactions; diagnostic apparatus for conducting quantitative or real-Time polymerase chain reactions; diagnostic apparatus namely, qpcr machines; diagnostic apparatus for pathogen detection, water and food analysis, detection of genetically modified organisms, species identification and bio-Threat detection; diagnostic apparatus for use in extracting rna and dna; medical instruments, namely, sample containers, vials, dropping pipettes and stirrers in the nature of magnetic agitators used in the preparation of dna and rna samples for testing; medical instruments, namely, racks for holding samples tubes and vials during testing; replacement parts and fittings for all the aforesaid goods; accessories for the aforesaid goods, namely, dropping pipettes, medical sample tubes and vials; all the foregoing being for medical or veterinary purposes. "Primer".</p>
