 (NEARLY FLAT)

1.9%
DECLINE

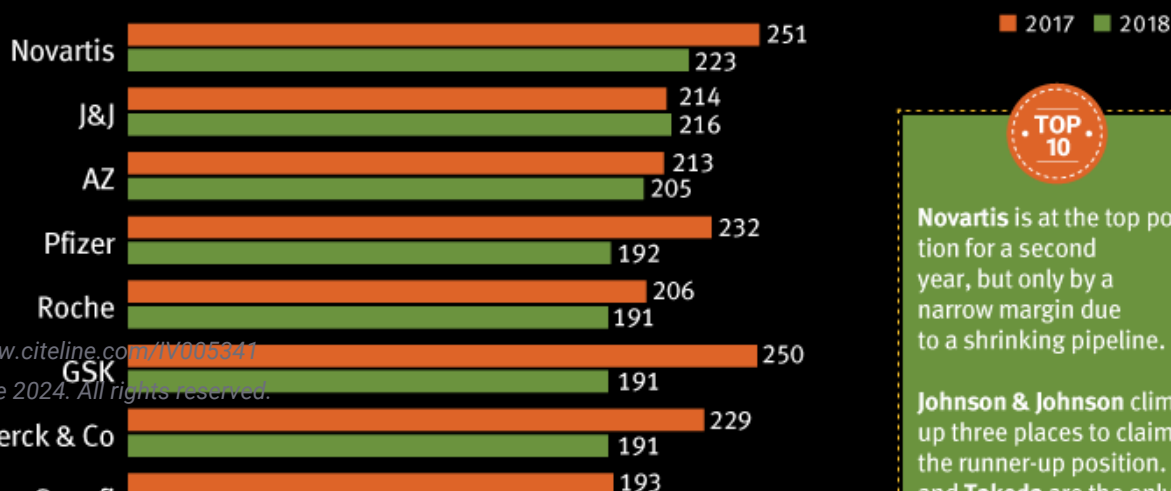

For the first time, number of projects exceeds **15,000** but pipeline growth slows to **2.7%**

1,809

Antibody-based therapies in the pipeline, up **7.2%** from 2017

TOP 10 PHARMA COMPANIES BY SIZE OF PIPELINE

TOP 10

Novartis is at the top position for a second year, but only by a narrow margin due to a shrinking pipeline.

Johnson & Johnson climbs up three places to claim the runner-up position. It and Takeda are the only
